## Summary

A results oriented Web Developer with the leadership experience in competitive IT industry. A proven track record of leading and managing multi-team projects with 20+ million unique users per month.

I specialize in people, process and project management, delivering new products from specification to roll-out and maintenance of existing digital systems. Spend 50-70% of work time doing Python coding.

## Experience

**Cian · Real-estate Classified**                                                        Moscow

*Team Leader (Management · Architecture · Python)*                          Jan 2020 - Present
Lead a team of 10 people to manage, operate and support low latency b2b products.

*Member of the team of authors at Yandex Praktikum (Learn & Share Ideas)*    Jan 2021 - Jul 2021 · 6 mos
Enhanced Middle Python education course by writing modules about Kafka, Vertica, Jaeger and ELK.

*Senior Software Engineer (Architecture · Python)*                          Sep 2019 - Dec 2019 · 4 mos
Engineered and maintained a high-risk call tracking service.

*Software Developer (Python · PostgreSQL)*                                 Jul 2018 - Aug 2019 · 1 yr 2 mos
Developed microservice-based tools for realty agencies.

**Antida Software · Software Outsourcing**                                            Chelyabinsk

*Software Developer (Python · ElasticSearch)*                              Jan 2018 - Jul 2018 · 7 mos
Made Django and Tornado-based microservices for faceted search (cian.ru).

**Everypixel · Stock Image Search Engine**                                           Chelyabinsk

*Software Developer (C++ · Sphinx · Selenium · XSLT)*                       May 2016 - Dec 2017 · 1 yr 8 mos
Implemented data sharding (>50TB), web crawling and search engine (everypixel.com).

**PressFoto · Image Agency**                                                         Chelyabinsk

*Software Developer (C++ · MySQL)*                                          Jul 2015 - May 2016 · 11 mos
Built a stock image agency (pressfoto.com).

## Education

**South Ural State University**

*M.A. in Computer Science*                                                 Sep 2014 - Jul 2016 · 2 yrs
Learned game theory, decision theory, mathematical optimization & statistics.

*B.S. in Computer Science*                                                 Sep 2011 - Jul 2014 · 4 yrs
Learned algorithms, data structures, operating systems, network protocols.

## Skills

| | |
|---|---|
| **Communication** | Organized the first hackathon for 35+ team members at Cian by using my communication skills and aptitude to integrate people. |
| **Project management** | Delivered 10+ cross team projects within the agreed budget, time and quality by coordinating with all key stakeholders. |
| **Advanced** | Project/Operations Management · Python · PostgreSQL · RabbitMQ |
| **Intermediate** | Nginx · ElasticSearch · Cassandra · Redis · Kafka · SQL Server · TypeScript |
| **Languages** | English (intermediate) · Russian (native) |
